4.0 ACCESS TO THE OSR

- 4.1 Access to an OSR means the right of those persons authorized by the *Education Act* or other legislation to examine the contents of the OSR.
- 4.2 The Principal is responsible to control access to the OSR for every student.
- 4.3 Every student has the right to have access to their OSR.
- 4.4 The custodial parent/guardian of a student has the right to access the student's OSR, until the student becomes an adult (age eighteen).
- 4.5 Educational personnel including Supervisory Officers, the Principal of the student, the Teacher and designated Early Childhood Educator of the student (if applicable) have access to the OSR for the purpose of improving the instruction of the student and the safety of the student and the school community.
- 4.6 Additional access may be permitted at the discretion of the Principal in accordance with municipal and provincial freedom of information legislation, under specified and limited circumstances.
- 4.7 Requests to view an OSR by an external party must be made in writing and an appointment pre-arranged with the principal.
- 4.8 A principal or vice-principal should be present during the examination of an OSR by an external party, to ensure that records are not removed from the OSR and to provide assistance or explanation to the reviewer, if necessary.

- 4.9 All signed consent forms for access should be kept within the documentation folder of the OSR.
- 4.10 Courts and Law Enforcement Agencies
- i) Subsection 266 (2) of the *Education Act* states that the OSR will not be produced in the course of any legal proceedings.
 - ii) The OSR is a privileged record according to *Subsection 266 (2) of the Education Act*. The OSR is generally not admissible in evidence “without the written permission of the parent or guardian of the pupil or, where the pupil is an adult, the written permission of the pupil.” It can be admitted with parent/guardian/adult student consent or by order of the court.
 - iii) There may be occasions, however, when access to the OSR of current students or former students will be sought. In such cases, principals should obtain advice from their superintendent in order to deal with such issues as the following:
 - whether the *Education Act* in fact prevents the production of the OSR;
 - whether the OSR in question is relevant to the proceedings; and
 - if the OSR is relevant to the proceedings, whether a copy, rather than the original, may be submitted to the court.
 - iv) A principal may be serviced with a subpoena requiring that they appear in court on a particular date and bring part or all of an OSR. If a principal receives a subpoena, they must comply with it but should obtain legal advice from the board’s legal counsel about the aforementioned issues.
 - v) An OSR must be released for immediate viewing within the school building when a court order or search warrant is presented. In these cases, principals must contact the appropriate supervisory officer who shall obtain legal advice about releasing copies of the OSR and any relevant matters. If a summons or subpoena is presented, the OSR shall only be released to the court when the principal or other board official attends the court. The principal should go to court with both the original OSR and a complete and exact photocopy and should propose to the judge that the photocopy be submitted instead of the original. The principal should also inform the judge that the subpoena is inconsistent with *subsection 266 (2) of the Education Act*. The principal must however, relinquish the documents if ordered to do so by the judge.
 - vi) All of these issues are relevant in both civil and criminal cases.
- 4.11 Provisions under the *Child, Youth and Family Services Act*
- i) Under the “Court ordered access to records” section c. C.11 of the *Child, Youth and Family Services Act, 1990*, it is possible for a court to order a principal of a school to produce a student’s OSR for inspection and copying.
 - ii) A court may make such an order if it is satisfied that a record contains information that may be relevant to a consideration of whether a child is suffering abuse or likely to suffer abuse, and the person in control of the record has refused to permit a Children’s Aid Society/Family & Children’s Services director to inspect it.

- iii) If a principal receives a court order under the *Child and Family Services Act*, they should seek advice from their supervisory officer about how to comply.
 - iv) The guardian for students in foster care is Family and Children's Services/Children's Aid Society.
- 4.12 In all instances where information is shared from the OSR under these procedures, the Principal must file a notation in the OSR of the records provided, the date they were provided, and to whom they were provided.

5.0 USE AND MAINTENANCE OF THE OSR

- 5.1 Information from an OSR may be used to assist in the preparation of a report required under the *Education Act* or the regulations made under the Act.
- 5.2 The purpose for which personal information in a student's OSR is being used must be consistent with freedom of information and protection of privacy legislation and with school board policies and procedures.
- 5.3 The use of the OSR must be made known to parent(s)/guardian(s) and/or students who are eighteen years or older at the time of enrolment. The form entitled *Acknowledgement Ontario Student Record* shall be used for these purposes.
- 5.4 Principals must ensure the information required in all components of the OSR are updated as required. This includes the electronic student record, if applicable. The minimum requirements include:
- i) Before transferring or retiring an OSR
 - ii) A minimum of at least once a school year
- 5.5 Teachers should review the contents of the OSR at the beginning of every school year or start of semester at the secondary level to review materials that will impact the learning of the student and the design of instruction.
- 5.6 Teachers should review the content of the OSR at the end of every school year and/or semester to ensure current information is filed as it relates to their professional responsibilities and reporting to parents.

6.0 TRANSFER OF THE OSR

- 6.1 When a student transfers from another school in Ontario, the receiving school must immediately request the OSR in writing and/or electronic form using the official written request (see TEMPLATE: Request for an Ontario Student Record).
- 6.2 The transfer of all OSRs, including those transferred between NCDSB schools, shall be done through the board's third party service provider and not through internal mail.
- 6.3 A Principal shall only transfer an original OSR to another publicly funded school in Ontario, a Care, Treatment, Custody and Correctional facility, hospital facility, Provincial School, a private

school, or a federal or First Nations school in Ontario upon receipt of a written or electronic request for the OSR. The receiving school will agree to accept responsibility for the OSR and to maintain, retain, transfer, and dispose of the OSR in accordance with the current OSR guidelines. A confirmation of transfer must be completed and retained using the template document entitled *Confirmation of Transfer of an Ontario Student Record*. The information must be entered in the student information system accordingly, including, but not limited to:

- iii) completion of the Office Index Card including OSR Date of Request and Date Sent
- iv) reviewing, printing and storing of the Office Index Card

- 6.4 An original OSR may not be transferred outside Ontario. Only an exact copy of the OSR may be sent to the Principal of an educational institution outside Ontario after the Principal who is responsible for the OSR has received a written or electronic request from the receiving educational institute or from the parent(s) of the student if they are not an adult, or by the student if they are an adult.
- 6.5 To request an OSR for a student who last attended a private school that has closed, the Principal or designate will prepare and send a letter on school letterhead to the Coordinator of Private Schools and Attendance at the Field Service Branch of the Ministry of Education.
- 6.6 Should a school close permanently, the OSRs for actively enrolled students will be transferred to the receiving schools accordingly.

7.0 RETIREMENT OF A STUDENT

- 7.1 A student retires from school when they cease to be enrolled in school in Ontario. A student is not considered to have retired if they (a) withdraw for a temporary period with the written consent of the principal, or (b) transfer to another school in Ontario.
- 7.2 When a student retires from the school that maintained an OSR for the student, the Principal will give the following to the parent/guardian of the student if they are not an adult, or to the student if they are an adult:
- i) a current copy of the student's OST, if applicable;
 - ii) the information and materials stored in the OSR folder that are not required to be retained under the retention schedule within this, or other related procedures.

8.0 RETENTION, STORAGE, AND DESTRUCTION OF INFORMATION IN THE OSR

- 8.1 The following components of the OSR will be retained for five (5) years after a student retires from school:
- i) Provincial Report Cards (NOTE: report cards must be kept for 55 years if no Ontario Student Transcript exists).
 - ii) The documentation file (and all contents within).
 - iii) Additional information that is identified by the school board as appropriate, including second language hour accumulation reports, PLAR challenge for credit, requests to correct or delete OSR record.

- 8.2 The following components of the OSR will be retained for fifty-five years (55) years after a student retires from school:
- i) The OSR folder.
 - ii) The Ontario Student Transcript (OST) or provincial report cards if no OST exists.
 - iii) The Office Index Card
 - iv) Additional information that is identified by the school board as appropriate for retention.
- 8.3 Proper records management practices must be followed when managing the OSR, both active and inactive.
- 8.4 The storage of the OSR and Office Index Cards must be securely maintained in the main office of the school.
- 8.5 Only records considered conducive to improve learning, to improve instruction or education of the student or to providing the safety and well-being of the student and school community shall be retained in the OSR.
- 8.6 The Principal shall implement appropriate procedures to ensure the privacy of the OSR. This includes but is not limited to secured filing cabinets in the main office, a sign out system for the removal of the OSR, and procedures to limit access to the OSR.
- 8.7 Inactive OSRs shall be stored securely at the school in accordance with the retention guidelines of this procedure.
- 8.8 The destruction of all or any part of the OSR when its retention is no longer required under this procedure will be effected under conditions that ensure the complete and confidential disposal of the record.
- 8.9 A tracking mechanism (the retention of authorizing signatures and certificates of destruction) is advisable as legal proof of destruction.

9.0 CORRECTION OR REMOVAL OF INFORMATION IN THE OSR

- 9.1 The Principal has discretion to remove materials from a student's OSR that are deemed to be no longer conducive to the improvement of the instruction of the student, the safety of the student and the school community and retention obligations have been met.
- 9.2 The parent/guardian may request that the Principal remove information from the OSR which is inaccurately recorded or that it is not conducive to the improvement of instruction of the student and the safety of the student and the school community.
- 9.3 If the Principal complies with a written request from the parent/guardian, the material will be corrected or will be removed from the file and destroyed or returned to the parent/guardian or the adult student, and no record of the request will be retained in the OSR.

- 9.4 If the Principal refuses to comply with the request identified in 9.2 of this procedure, the parent/guardian may request in writing that the Principal refer the request to the appropriate Supervisory Officer. The Supervisory Officer will then proceed with the standard of responsibility as described in the *OSR Guidelines, 2000* or any updated version released by the Ministry of Education.

10.0 CHANGE OF SURNAME

10.1 Change by Repute

A change of name by repute occurs when a Principal receives a written request from an adult student or the parent/guardian for the student under the age of 18, to be identified by a surname other than the legal surname of the student. Three conditions must be met:

- i) the student is known by a surname other than their legal surname;
- ii) the surname is a name obtained by repute or common use; and
- iii) the use of the surname is in the student's best interests.

10.2 When a request is approved by the Principal, school staff responsible for maintaining the OSR will complete the following:

- i) record the requested surname in the preferred name field of the student information system;
- ii) record the requested surname in Part A of the OSR folder in addition to the legal surname of the student (the legal surname will be enclosed in brackets); and
- iii) file the written request in the documentation file.

10.3 The requested surname will be used henceforth but the student's legal name will appear on the provincial report card and the Ontario Student Transcript as well as for OnSIS submissions.

10.4 Change by Marriage

When a Principal receives a document that establishes that a student has had their surname changed by marriage, the Principal will file the document, in the documentation file, and will change the surname of the student on all current and future components of the OSR.

10.5 Change by Law

10.5.1 A legal name change occurs when a Principal receives a document that establishes that a student for whom the Principal maintains an OSR has had their surname change in accordance with the law of the province, state, or country in which the document was made.

10.5.2 The Principal will file the document, a copy of the document, or a verification of their knowledge of the document in the documentation file (according to the Ministry OSR Guideline, 2000) and will ensure that the surname is changed in the student information system, on the OEN website, and in Part A of the OSR folder.

10.5.3 Upon written request, the surname is changed on all components of the OSR so that the record will appear as if originally established in the new surname.

10.5.4 In accordance with the instructions in the Enrolment Register guidelines and to ensure that there is no written documentation filed, the Principal is to verify the documentation without keeping any copy.

11.0 CONTINUING EDUCATION RECORDS

11.1 For each student enrolled in a school board continuing education course or program for the purpose of achieving an Ontario secondary school credit or credits, the Principal of the continuing education course or program will establish an Office Index Card, which will contain the following information:

- i) The full name of the student;
- ii) A Ministry Identification Number (MIN) or Ontario Education Number (OEN) assigned by the Ministry;
- iii) The gender of the student;
- iv) The student's date of birth and the source used to verify the date;
- v) If applicable, the name(s) of the individual(s) who has (have) custody of the student and for whom verification of the custody order is included in the documentation file;
- vi) The student's current address and contact phone number, as well as an emergency number if one has been provided;
- vii) The dates on which the student enrolls in the program, transfers from the program, and/or retires from the program;
- viii) The name and address of the school to which the student transfers and the date;
- ix) The student's address on the date of transfer or retirement;
- x) The name and address or some other means of identification of the continuing education program from which the student is transferring or retiring;
- xi) Other information that is identified in accordance with the policies established by the school board.

11.2 The OST will be maintained by the Principal of the continuing education program. If, however, the student is also enrolled in a day school program, the Principal of the continuing education program will forward information on credits earned to the Principal of the day school program for inclusion in the student's Ontario Student Transcript (OST).
