### DEFINITIONS

---

#### **Inclement Weather Day**

A day where road or weather conditions make it impossible to operate a school bus safely. In situations where buses are cancelled due to inclement weather affecting road conditions, the day shall be designated an Inclement Weather Day. Inclement Weather Days do not result in Emergency School Closure Days unless the conditions meet the emergency school closure day criteria as well.

### POLICY REGULATIONS

---

- 1.0 Decisions to cancel student transportation services shall be made in the best interest of student safety.
- 2.0 Cancellation of school bus transportation prior to the commencement of the regular school day will be a decision taken and acted upon by the Transportation Officer as prescribed in the North East Tri Board Policy.
- 3.0 Due to the geographic size and diversity of the NCDSB, it is recognized there may be varying weather patterns, which may necessitate the cancellation of student transportation services

in one or more communities or to one or more specific schools rather than on a system-wide basis.

- 4.0 In the event that school closure is required due to inclement weather, the provisions of that policy shall apply.
- 5.0 Administrative procedures will accompany this policy, and be reviewed as required.
