## **The Bishop Visits Sacred Heart School**

On October 23rd, Bishop Poitras came to the school to visit and speak to the students and staff for the afternoon. The Bishop held two assemblies in the gym, one for the primary division and one for the junior division students. During these assemblies, the Bishop talked to the student about our Catholic faith, the difference and similarities between a priest and a bishop and then concluded the assembly by answering the questions that the students created for this visit. After recess, the Bishop and Father John stopped into the FDK classrooms to speak to the JK and SK students.
