Only Kindness Matters at Sacred Heart

The students and staff at Sacred Heart School are being challenged to make kindness a more conscious focus at our school. We hope this extends to our SHS families as well, so that school and home have a common *Kindness Matters* focus!

On November 12th, Mrs. Boucher and Mr. Berthier met with the students from grade 4 to grade 6 and introduced the *Kindness Matters* campaign. During the assembly, students were asked to provide examples of random acts of kindness and then they were challenged to act on them. As a closing song, 'Hands' by Jewel was played. As the song played, the lyrics were shown to the students. At the end of the song; "In the end only kindness matters....", which served to reinforce our *Kindness Matters* theme. Mrs. Boucher and Mr. Berthier concluded the assembly by tying the kindness theme in with the model of Jesus, a person who fully embodied *Kindness Matters*. This campaign will also kick off our Bully Awareness Week. Students who take the pledge will be provided with a gift from the school.
