## Two Schools Becoming One!

The parents and students were excited to begin school this year as a new school community of Pope Francis Elementary School. Staff began establishing routines and students are thrilled to meet new friends and get back to learning!

**Father John took time out of his busy schedule to come and visit each classes with Mr. Berthier.**

**Parents, students and staff are really excited and happy with the transition of two great school communities into one.**

**“Thanks for setting the stage for a great year. There is a wonderful, positive feeling working here at Pope Francis Elementary School!”**
